Applying for the permit:

The following information **must be submitted** when applying for a demolition permit. Since every project is unique, there may be some situations where you will be asked to provide additional information.

Site Plan (Scale site plan to most appropriate scale, e.g. 1" = 10', or 1/4" = 1')

- Property lines with dimensions
- Adjacent walkways, streets and any easements
- Location of building to be demolished and remaining buildings on site, with dimensions
- North arrow

Demolition Plan

- Details of pedestrian protection, where required. Refer to City of Eugene Administrative Rule R-8.005-H-Administration and Enforcement of Technical Codes.
- Description of how the site will be secured against accessibility by children and other unauthorized persons
- Description of how demolition operations will be conducted and how debris and materials will be wetted down or otherwise treated to prevent dust or other airborne debris.
- Description of how wind speed will be monitored at the site during demolition.
 - *No demolition or moving of demolition debris may take place when wind speeds exceed 25 m.p.h.*
- Description of the means and methods for protection of any adjacent or neighboring structures.

Copy of Notice to neighbors.

- Address of building to be demolished.
- Date of anticipated start of demolition and anticipated time frame.
- Name of contractor performing the demolition work

Name and phone number of a person who can be contacted with questions about the pending demolition.

Continued on next page.

By signing I hereby attest that:

- ☐ An asbestos survey ☐has or ☐will be conducted by a certified inspector prior to beginning demolition work, and notice of any required asbestos abatement ☐has or ☐will be given to Lane Regional Air Protection Agency (LRAPA, Forms available at: www.lrapa.org); and
- ☐ Written notice ☐has or ☐will be provided to the properties that are immediately adjacent to or across a street from the property to be demolished on _____ by _____, at least 48 hours prior to obtaining the demolition permit; and

Date Method
- ☐ Wind speeds will be monitored during the demolition work, and no demolition will take place, and no demolition debris will be moved, when winds exceed 25 m.p.h.; and
- ☐ Upon issuance of permit, contact Inspection Support (541-682-5283) to schedule a pre-construction site inspection after the Demolition Plan (site secured, protection of adjacent structures) has been initiated but PRIOR to demolition activity.
